

Figure 8.6

NASA Task Load Index

Hart and Staveland's NASA Task Load Index (TLX) method assesses work load on five 7-point scales. Increments of high, medium and low estimates for each point result in 21 gradations on the scales.

Name Cherie Lum	Task Single Finger	Date June 23, 2023
---------------------------	------------------------------	------------------------------

Mental Demand How mentally demanding was the task?

0

Very Low

Very High

●

100

Physical Demand How physically demanding was the task?

0
